Turbo-Vent White

Turbo-Vent Crystal

Due to the particular aerodynamic shape no spoiler is needed

Maximum stability with the center support adjusting arm

<p>EXTERNAL FIXING</p>	<p>AIR MAX</p> <p>31cm +40%</p>	<p>PERMANENT VENTILATION</p>
-------------------------------	--	-------------------------------------

Model	Item No.
Turbo-Vent White	03623F01-
Turbo-Vent Crystal	03623F01B

With Thermostat included
POLAR CONTROL®
The only one that allows you to save up to 50% electricity thanks to a new electronic circuit.

Turbo-Vent is silent at high speed and exceptionally silent at the minimum. Without the old resistance systems, which create a lot of heat and consume a lot of energy.

The Turbo-Vent is a ventilation system made from high quality materials, that are shock and UV-ray-resistant.

It changes and refreshes the air inside your vehicle within seconds thanks to the 12V DC variable speed motor with 10 blades. It is the only one of its kind with an innovative electronic circuit that allows a rapid, problem-free, change of rotation.

The cover can be opened and closed manually and the central arm provides stability against strong wind even when travelling with the cover open. Supplied with double external mosquito screen to collect leaves and other debris. New transparent grating that permits maximum air circulation and filtering of light. Can be installed on roofs with depths of 3cm to 8.5cm using the optional extension kit. Colours: outside frame white, inside frame ivory, cover white or crystal.

TURBO-VENT®

With Thermostat included
POLAR CONTROL®

POLAR CONTROL®

The standard delivered Polar Control is the thermostat that regulates the ingoing and outgoing air of the fan according to the inside temperature of the Motorhome. The switch changes the rotation direction of the fan.

Quiet at night thanks to the optimal minimum speed

Better performance and 50% less consumption thanks to the new electronic circuit and the new motor.

New transparent grating allows maximum air flow and maximum protection.

SANDWICH

SYSTEM

Turbo-Vent is available by request with internal fixing Sandwich System without screws.

Feeding tension:	12 Vcc
Absorbed power	36 W
Min. electric input:	0,3 Amp.
Max electric input:	3 Amp
Max air flow:	35 m³/min.
Fan diameter:	300 mm
Permanent air flow:	80 cm²

TURBO-VENT® P3

Same features as the Turbo-Vent, but without the Polar Control Thermostat

Excellent reviews on quality and price

Turbo-Vent P3 Crystal

Better performance and 50% less consumption thanks to the new electronic circuit

Without Thermostat Polar Control but with the switch that changes the rotation direction of the fan

Classic and inexpensive line of Turbo-Vent without thermostat.

Same features as the Turbo-Vent. Standard ventilation, without the automatic thermostat Polar Control. New transparent grating allows maximum air flow and passage of light.

VENT®

ABE
KBA 19930

Extra quiet also at high speed

German Design Model: 402 07 149.2

Maximum stability with centre support adjusting arm.

Aerodynamic, thanks to its elegant external profile top. During high-speed testing noise and vibrations were greatly reduced. Thanks to the new outside cover and exclusive patented rubber seal, a watertight system guarantees rain streams down without the possibility of it coming in.

TÜV and ABE approved. Made with high quality UV-ray resistant materials.

Can be installed on roofs with depths of 2.5cm to max 5cm. For installation on roof with depths of max 8.5 cm, the optional extension kit (Item No. 98683-112) can be used.

The Vent White does not need the roller blind. The optional Rollo Vent 40x40 can be fitted to the vent Crystal. Interchangeable with the old Fiamma Roof-lights 40x40 and with rooflight from 36x36cm to 42x42cm thanks to the reinforced frame.

Supplied with permanent air flow ventilation and mosquito screen. Colours: outside frame white, inside frame ivory, cover white or crystal.

Vent White

Vent Crystal

The cover can be easily replaced due to the quick installation hinges

Model	Item No.
Vent White	04328B01-
Vent Crystal	04328B01D

Vent is available by request with internal fixing Sandwich System without screws.

Due to the aerodynamic shape no spoiler is needed

VENT® Accessories

Spoiler 40x40 on Vent 40x40 White

SPOILER 40X40

This special spoiler assists by channelling the air smoothly around your existing rooflight and thereby reducing both wind resistance and noise levels.

It is made of UV-ray resistant ABS plastic.

It is easily installed with the roof vent screws or can be attached with suitable adhesives (Sika).

Designed to fit most sizes of rooflights using the spacers included.

Item No.

03585-01-

Thermo-vent 40

THERMO-VENT 40

Insulated vent shield. Keeps your RV warmer in the winter! Suitable for all rooflights 40x40. The aluminium surfaces assist by reflecting sunlight and by reducing heatloss.

Dimensions: 40x40cm.

Thickness: 6mm.

Item No.

03650A01-

Rollo Vent 40x40

ROLLO VENT 40X40

New elegant roller blind system perfect for installing on Fiamma Vent 40x40 rooflights. Permanent air flow ventilation thanks to side grills.

Low profile frame.

Colour: ivory.

98683-044

VENT® 28 - TURBO 28

Vent 28 White

VENT® 28

Ideal for small spaces

28x28cm rooflight, without fan, ideal for airing small spaces.

Made with superior quality impact and UV-resistant materials. Due to an internal installation system, it is not necessary to drill holes in the vehicle. Supplied with permanent air flow ventilation system and mosquito screen. The external aerodynamic cover guarantees a watertight system. For installation on roof with depths of max 8.5cm, the optional extension kit can be used.

VENT® 50x50

Vent 50x50 Crystal

VENT® 50x50

Wide pantograph rooflight that opens on all four sides with practical handles.

Maintains constant vehicle ventilation and is now also available with standard roller blind with two rollers, one dark and one with mosquito screen.

Assures permanent ventilation. Locking anti-theft device on the handles.

Rainproof and windproof. TÜV and ABE approved, and made with high quality UV ray-resistant materials.

Colours: outside frame white, inside frame ivory, cover white or crystal.

Vent 50x50 White

Standard delivered with roller blind with two rollers, one dark and one with mosquito screen

Colour	Item No.
White	01668-01-
Crystal	01668-01D

Optional roller blind with two rollers, one dark and one with mosquito screen for previous model of Vent 50x50. Dimensions: 55x55 cm.

Item No.
98683-037

SPOILER 60

New aerodynamic roof spoiler is ideal for reducing vibration and rooflight noise while travelling. Made with UV-ray resistant sturdy plastic material.

No tools or drilling for installation; can be fixed to vehicle with a suitable adhesive (Sika). Colour: white.

Ideal for all rooflights up to 60cm. Tested for speed up to 160km/h. Dim: cm 63x17x8h.

Item No.
04585-01-
